Construction News

PRICES AND THE BUSINESS OUTLOOK

Business in general during the month of July continues in undiminished volume and prices on all engineering materials are holding exceptionally firm and in some cases it is difficult to place orders at the figures now prevailing. In a few instances, prices have shown an advance, due principally to the fact that labor conditions are so unsettled and freight conditions so complex.

On July 12, the Department of Commerce issued a bulletin covering the fiscal year's trade ending June, which showed that the total exports amounted to $4,345,000,000 and the imports $2,280,000,000, the total foreign trade aggregating $6,525,000,000. From these figures it is estimated that the exports are $1,577,000,000, or 57% larger than in the preceding year, and $1,981,000,000 or 83% larger than the year ending 1913-14. Moreover, the exports amount to about double the imports and show figures never approached before in the history of the country. The result of such phenomenal trade is principally due to the European war, and from the list showing the different totals, it is evident that the demand created for munitions of war and food supplies was the principal stimulus that brought about this result.

Prices on all steel products remain firm and show no change or tendency to move during the month. Reports from manufacturers prove that business is flowing in at the usual ebb with little sign of easing up. The only significant drop in the quotations published in this section is that on standard pipe, which shows a decline of practically $10 per ton. This came about as the price in spelter lowered, which naturally reflected lower quotations on galvanized material.

During the month the Bethlehem Steel Co. announced a very extensive construction program which will involve a total expenditure of over $70,000,000. In general, the work will comprise twelve new blast furnaces, at least one entirely new steel works, additions to steel-making capacity, finishing mills, including as well by-product coke plants, enlargement to shipyards, and better handling facilities. At Sparrows Point, Md., the largest improvements will be made, which are estimated to cost in the neighborhood of $30,000,000.

The advanced price on expanded metal lath was brought about by diminished stocks, and in order to meet the present demands, manufacturers are somewhat overtaxed, and were forced to increase the rate. On cement the market is firmer, due to the fact that the shortage of labor is so imminent. At the mills today, ordinary common labor is receiving $3.40 per day. In New York, sellers of gravel are well booked with orders far in advance and local conditions have brought out such a demand that prices are very steady.

Manufacturers of railway ties have been forced to adjust their prices by an advance of 2 cents because of the high cost of transportation by water and even at the present rate do not appear anxious to accept business at these new figures. The price on vitrified sewer pipe has advanced 1% in New York, principally because of the usual increase in summer business. Manufacturers are now getting together with an effort to submit a new net pricelist, but up to our going to press no definite action has taken place.

Less interest is shown in the metal market this month than in previous ones. Prices on all raw materials have receded, and even at the prevailing figures domestic business is light. Dealers have no cause to complain, however, as foreign business is being contracted for as usual.

Following is a list of contracts awarded, published by the F. W. Dodge Co., throughout the States of New England, New York, New Jersey, Pennsylvania, Maryland, Delaware, District of Columbia, Virginia, Ohio, West Virginia, Illinois, Indiana, Iowa, Wisconsin, Michigan, Minnesota, North and South Dakota and portions of Missouri and eastern Kansas:

January to Aug. 1, 1916	$711,005,246
January to Aug. 1, 1915	508,233,600
January to Aug. 1, 1914	454,579,300
January to Aug. 1, 1913	545,067,500
January to Aug. 1, 1912	482,577,500
January to Aug. 1, 1911	477,227,313
January to Aug. 1, 1910	526,425,460

Contracts awarded from New York State and northern New Jersey:

January to Aug. 1, 1916	$104,137,500
January to Aug. 1, 1915	87,661,000
January to Aug. 1, 1914	76,413,500
January to Aug. 1, 1913	181,254,500
January to Aug. 1, 1912	146,625,500
January to Aug. 1, 1911	143,380,500
January to Aug. 1, 1910	165,524,500

These figures show that throughout the territory covered there has been a gain for the past seven months of about $203,000,000 over 1915 and $166,000,000 over the best nearest year, which was 1913. In the local territory of New York State and northern New Jersey there has been a gain of about $16,500,000 over 1915 and is the best year since 1913, the years from 1910 to 1913 being larger than the present one. These figures compare very favorably with those for the first six months, which ran $183,000,000 over a year ago at that time for the larger territory, and were practically the same for New York and New Jersey. The larger gain seems to have been in the smaller territory, which shows about $29,000,000 more contracts awarded in August of this year than in July. From the larger territory, these figures show that contracts amounting to $114,421,660 were let during the month of August this year, and in New York State and northern New Jersey contracts were let for $29,215,000.

IRON AND STEEL

Track Supplies—The following prices are base per 100 lb. f.o.b. Pittsburgh for carload lots, together with the warehouse prices at the places named:

	Pittsburgh	Chicago	St. Louis	San Francisco
Standard railroad spikes	$2.65@2.75	$3.25	$3.35	$4.20
Track bolts	3.25@3.50	4.05	Premium	4.75
Standard section angle bars	2.00	....	Premium	2.55@2.65

Pig Iron—Below are the present quotations, with a comparison of a month and a year ago:

CINCINNATI	Aug. 3, 1916	One Month Ago	One Year Ago
No. 2 Southern foundry	$16.90@17.90	$16.90@17.90	$13.00@13.50
No. 2 Northern foundry	19.76@20.26	19.76@20.26	14.25@14.75
NEW YORK			
No. 2X Northern foundry	19.75@20.25	19.75@20.25	14.25@14.50
No. 2 plain Northern foundry	19.50@20.00	19.50@20.00	13.75@14.00
No. 2 Southern foundry†	19.50@20.00	19.50@20.00	14.25
BIRMINGHAM			
No. 2 Southern foundry	14.00	14.00	10.00@10.25
CHICAGO			
No. 2 Northern foundry	19.00	19.00	13.00@13.50
PITTSBURGH			
Bessemer iron*	21.00	21.95	15.20
Basic iron*	18.00	18.95	13.95

*These prices include the freight charge from the valley to the Pittsburgh district. †Delivered tidewater, New York.

Structural Material—The following are the base prices f.o.b. mill, Pittsburgh, together with the quotations per 100 lb. from warehouses at the places named:

	Pittsburgh	St. Louis	New York	Chicago	San Francisco
Beams, 3 to 15 in.	$2.50@2.75	$3.15	$3.25	$3.10	$4.25
Channels, 3 to 15 in.	2.50@2.75	3.15	3.25	3.10	4.25
Angles, 3 to 6 in., ¼ in. thick	2.50@2.75	3.15	3.25	3.10	4.25
Tees, 3 in. and larger	2.50@2.75	3.15	3.30	3.10	4.25
Plates	2.90@3.00	3.55	4.00	3.50	4.75

Extras on other shapes and sizes in cents per lb. are as follows:

I-beams over 15 in.	.10
H-beams over 18 in.	.10
Angles over 6 in., on one or both legs	.10
Angles, 3 in. on one or both legs less than ¼ in. thick	.70
Tees, structural sizes (except elevator, handrail, car truck and conductor rail)	.05
Channels and tees, under 3 in. wide	.20 to .80
Handrail tees	.75
Cutting to lengths, under 3 ft. to 2 ft. inclusive	.25
Cutting to lengths, under 2 ft. to 1 ft. inclusive	.50
Cutting to lengths, under 1 ft.	1.55

No charge is made for cutting to lengths 3 ft. and over.

Steel Rails—The following quotations are per 100 lb. f.o.b. Pittsburgh and Chicago for carload or larger lots. For less than carload lots 5c. per 100 lb. is charged extra:

	Pittsburgh Aug. 3, 1916	Chicago Aug. 3, 1916
Standard bessemer rails	$33.00	$33.00
Standard openhearth rails	35.00	35.00
Light rails, 8 to 10 lb.	50.00	43.00
Light rails, 12 to 14 lb.	49.00	42.00
Light rails, 25 to 45 lb	47.00	40.00

Old Material—The prices following are per gross ton paid to dealers and producers in New York. In Chicago and St. Louis and vicinity, the quotations are per net ton and cover delivery at the buyer's works, including frenght transfer charges:

	New York	
	Aug. 3, 1916	One Month Ago
Heavy melting steel scrap	$12.00@12.25	$11.75@12.25

Less than carload lots this material is about 10% higher.

Wire Rope—Discounts from list price on bright and galvanized are as follows:

	New York	St. Louis	Chicago	San Francisco
Galvanized	25—2½%	25—2½%	25—2½%	22½%
Bright	35—2½%	40—2½%	30—2½%	32½%

At this rate the net prices in New York for galvanized, 7 wires to strand, are as follows per 100 lb.:

Diameter, In.		Diameter, In.	
½	$4.40	1¼	$18.30
⅝	5.90	1⅜	20.80
¾	6.60	1½	25.60
⅞	9.50	1⅝	27.80
1	11.00	1¾	32.20

Expanded Metal Lath—Prices per 100 yd. for painted are as follows:

Gage	Weight	Carload: New York	Chicago	St. Louis	San Francisco
27	233	$17.00	$16.50	$18.00	$16.00
26	250	18.00	17.50	19.00	17.25
25	300	19.00	18.50	....	18.75
24	340	20.00	19.50	21.00	20.00
22	450	23.00	22.50	....	23.50

About 10% additional for smaller quantities. For galvanized, New York, add $7, and $5 for tuncan. For galvanized, San Francisco, add $10, and $4.50 for tuncan.

Freight Rates—On finished steel products in the Pittsburgh district, including plates, structural shapes, merchant steel, bars, pipe fittings, plain and galvanized wire nails, rivets, spikes, bolts, flat sheets (except planished), chains, etc., the following freight rates are effective in cents per 100 lb.:

Baltimore	15.40	Minneapolis	32.90
Boston	18.90	New Orleans	30.00
Buffalo	11.60	New York	16.90
Chicago	18.90	Pacific Coast (all rail)	73.90
Cincinnati	15.80	Philadelphia	17.90
Cleveland	10.50	St. Louis	23.60
Denver	68.60	St. Paul	32.90
Kansas City	43.60	Omaha	43.60
Birmingham	45.00		

CEMENT, BRICK AND STONE

Portland Cement—These prices are for barrels in carload lots in cotton bags; 10c. allowed for return of each bag:

	Aug. 3, 1916	One Month Ago	One Year Ago
New York	$1.72	$1.72	$1.43

SPECIAL OPPORTUNITIES SECTION

Contracts To Be Let

Bids received until Aug. 15, 1916.

Street Improvement

Albemarle, N. C.

Sealed proposals will be received for the materials and labor in connection with the improvement of certain streets of the Town of Albemarle, N. C., by the Mayor and Board of Aldermen of said Town, until three (3) o'clock P.M. of Tuesday, August 15th, 1916, when they will be opened and publicly read.

The specifications cover sheet asphalt, bituminous concrete, brick and durax block, and in addition to the above, proposals will be considered upon other types of pavements. Work contemplated will also include grading, furnishing, placing and constructing granite curb; vitrified brick and concrete gutters; concrete curb and gutter, and the installation of storm drains.

Bids are asked upon approximately 25,000 square yards of pavement, with alternative bids upon approximately 50,000 square yards. The pavement will be constructed from one or more of the classes mentioned above as may be selected by the Town, and the entire work to be done will be awarded under one or more contracts as the Town may elect.

Plans and specifications may be examined at the office of the Town Clerk or at the offices of the Engineers. Specifications may be obtained by prospective bidders by addressing the Engineer in Charge at Albemarle or the Consulting Engineers at Wilson, N. C., and making a deposit of $10.00, which deposit will be refunded upon the return of the specifications in good condition.

Each proposal must be accompanied by a certified check in the sum of five (5%) per cent. of the amount bid, as evidence of good faith upon the part of the bidder.

The Town reserves the right to reject any or all bids or accept any which may seem to it to be to the best interest of the Town of Albemarle.

M. J. HARRIS, Mayor.

E. L. HEARNE, Clerk.

J. D. SPINKS, Engineer in Charge.

ANDERSON & CHRISTIE, INC.,

Consulting Engineers, Charlotte, N. C.

Bids received until Aug. 18, 1916.

Refuse Destructor

City of New Rochelle, N. Y.

Sealed Proposals will be received by the Commissioner of Public Works of the City of New Rochelle, N. Y., until Eleven o'clock on the morning of August 18th, 1916, for the Construction of Refuse Destructor, in accordance with specifications now on file in said office.

Each bidder must furnish his own design and detailed specifications of the plant he proposes to build.

The proposals must be accompanied by a certified check for two thousand five hundred ($2,500.00) Dollars, payable to the Commissioner of Public Works, the same to be forfeited to the Commissioner if the person or persons to whom the Contract may be awarded shall neglect or refuse to execute the same within five days after notification by the Commissioner that his or their proposal has been accepted.

The right is reserved to reject any and all bids.

JOHN A. HADERT,
Commissioner of Public Works.
New Rochelle, N. Y., August 2, 1916.

TREASURY DEPARTMENT, Supervising Architect's Office, Washington, D. C., August 1, 1916.—Sealed proposals will be opened in this office at 3 p.m., October 2, 1916, for mail-handling devices, etc., in the United States post office at Denver, Colo., in accordance with specification and drawing, copies of which may be obtained at this office, in the discretion of the Supervising Architect. JAMES A. WETMORE, Acting Supervising Architect.

GATE-OPERATING MACHINERY—U. S. Engineer Office, Wheeling, W. Va.—Sealed proposals will be received here until 11 a.m. (Eastern time), August 14, 1916, and then opened, for furnishing and delivering gate-operating machinery at Dams Nos. 16 and 17, Ohio River. Information on application.

SPECIAL OPPORTUNITIES SECTION

Contracts To Be Let

Bids received until Aug. 9, 1916.

Water and Electric Lighting Systems

Glasgow, Mont.

Sealed bids will be received by the Board of County Commissioners of Valley County, State of Montana, at the office of the County Clerk and Recorder and ex-Officio Clerk of the Board of County Commissioners of said county, up to two o'clock P.M., on the 9th day of August, 1916, for the construction and installation of a complete water system and electric lighting system, consisting of one (1) building 27x30 feet in size; one (1) reinforced-concrete reservoir; approximately 6,150 feet of eight (8) inch wood stave pipe; approximately 7,550 feet of four (4) inch wood stave pipe; approximately 1,860 feet of six (6) inch wood stave pipe; approximately 4,125 feet of four (4) inch cast-iron pipe; approximately ten (10) hydrants; three (3) eight (8) inch valves; two (2) six (6) inch valves; two (2) four (4) inch valves; two (2) twenty-five (25) HP. crude oil engines; one 37½ K.V.A. generator and switchboard and power line; one (1) eight (8) HP. oil engine and 125-gallon pump, and fifteen (15) street lights, pole line and wiring in the Hinsdale Special Water and Electric Light Improvement District No. 1, in Valley County, State of Montana, all according to the plans and specifications on file in the office of the Clerk and Recorder and ex-Officio Clerk of the Board of County Commissioners of Valley County, State of Montana, at the town of Glasgow, Montana, and the office of H. H. Alvis, Consulting Engineer, at Malta, Montana.

All bids must be accompanied by a certified check for ten (10) per cent. of the amount bid. The Board of County Commissioners reserves the right to reject any or all bids.

By order of the Board of County Commissioners of Valley County, State of Montana. W. B. SHOEMAKER,
Clerk and Recorder and ex-Officio Clerk of the Board of County Commissioners of Valley County, State of Montana.

Bids received until Aug. 15, 1916.

Levees and Open Ditches

GREEN BAY LEVEE AND DRAINAGE DISTRICT NO. 2.

Fort Madison, Iowa.

Sealed bids will be received in County Auditor's office in Fort Madison, Iowa, until 10:00 o'clock A.M. on the 15th day of August, 1916, for the construction of the levees and open ditches in the Green Bay Levee and Drainage District No. 2, Green Bay Township, Lee County, Iowa, according to plans and specifications on file in the Auditor's office, divided as follows:

Sections	Cubic Yards	
No. 1. Levee along roadway in Sections 4-5, Twp. 68 N., Rg. 3 W.	12,000	
(To be completed on or before May 1st, 1917. Scraper work.)		
No. 2. Skunk River Levee to Peel Slough	246,300	
Lost Creek Levee above elevation 524	56,600	
Ditches above elevation 524	129,700	
		432,600
(To be completed on or before December 31, 1917. Best fitted for dragline machine 60 to 80 foot boom, 2½-yard bucket.)		
No. 3. Muck Ditch under Mississippi River levee	179,800	
Ditches below elevation 524, except ditch marked Main "A" on plat	95,900	
		275,700
(To be completed on or before December 31, 1917. Best fitted for small dipper dredge, 1 or 1¼ yard.)		
No. 4. Lost Creek Levee below elevation 524, Mississippi River Levee; Skunk River Levee from Pool Slough to Station "O"	1,048,100	
(To be completed on or before May 1, 1918. Best fitted for hydraulic dredge or clamshell, 125 foot boom, 4½-yard bucket.)		
No. 5. Main "A" as marked on plat	66,900	
		1,115,000
(To be completed on or before May 1st, 1918. Best fitted for small dipper dredge; 1 or 1¼ yard.)		
Total cubic yards	1,835,300	

(Levee work includes clearing base of timber, sheet piling and riprapping.)

The Board shall award contract or contracts for each section of the work to the lowest responsible bidder or bidders therefor, bids to be submitted, received and acted upon separately as to the levees, main drain and each of the laterals, exercising their own discretion as to letting such work as to the levees and main drains as a whole, or to each lateral as a whole, or by sections as to both levees, main drains and laterals, and reserving the right to reject any and all bids and readvertise the letting of the work. Each person bidding for such work shall deposit in cash or certified check a sum equal to ten per centum of the amount of the bid, not in any event, however, to exceed ten thousand dollars, said deposit to be returned to him if his bid is not successful, and if successful to be retained as a guarantee only of his good faith in entering on said contract. The successful bidder shall be required to execute a bond with sufficient sureties in favor of the County for the use and benefit of the levee and drainage district, in an amount equal to twenty-five per centum of the estimated cost of the work so let, or he may deposit such amount in cash with the Auditor as security for the performance of his contract, and upon the execution of such bond, or the making of such deposit, the deposit originally made with his bid shall be returned to him.

Bids upon the work as a whole will be considered.

Funds on hand for cash payment of monthly estimates.

Ample electric power is available at low rates.

The estimated total cost is about $260,000.00.

Special facilities for seeing the work will be provided on Monday, July 31st; Monday, August 7th, and Monday, August 14th, starting from Hotel Anthes, Fort Madison, Iowa, at 9:00 A.M.

Plans and Specifications will be furnished by Edmund T. Perkins, 1211 First National Bank Building, Chicago, Illinois, upon deposit of $20.00, which deposit will be refunded upon return of the Plans and Specifications in good order within ten days after awarding of contract.

A. P. MEYER, Auditor,
Lee County, Iowa.

Bids received until Aug. 8, 1916.

Water Supply

Oxford, N. Y.

Sealed proposals for Water Supply for New York State Women's Relief Corps Home, Oxford, N. Y., will be received by Mrs. Georgiana Griffith, President, Board of Managers, Women's Relief Corps Home, Oxford, N. Y., until 2:30 o'clock P.M. on Tuesday, August 8, 1916, when they will be publicly opened and read. Proposals shall be enclosed in an envelope furnished by the State Architect, sealed and addressed, and shall be accompanied by a certified check in the sum of five per cent. (5%) of the amount of proposal. The contractor to whom the award is made will be required to furnish surety company bond in the sum of fifty per cent. (50%) of the amount of contract within thirty (30) days after official notice of award of contract and in accordance with the terms of Specification No. 2301; and Addenda dated July 5, 1916. The right is reserved to reject any or all bids. Drawings and specifications may be consulted at the Women's Relief Corps Home, Oxford, N. Y., at the New York Office of the Department of Architecture, Room 1224 Woolworth Building, and at the Department of Architecture, Capitol, Albany, N. Y. Drawings and specifications and blank forms of proposal may be obtained at the Department of Architecture, Capitol, Albany, N. Y., upon reasonable notice to and in the discretion of the State Architect, Lewis F. Pilcher, Capitol, Albany, N. Y.

July 18, 1916.
